MODERNIST ICONS: MIDCENTURY HOUSES AND INTERIORS

Modernist Icons by Robert Klanten and Masha Erman explores innovative mid-century interiors, architecture and design over time. It illustrates the evolution of the movement and showcases how it is firmly established as a timeless classic. The book is filled with stunning interiors and furniture from around the world that define this design form. Delving into the philosophy of mid-century design, readers are taken on a journey of how it has influenced creative expressions from John Lautner, and many other prolific designers. gestalten. Dhs235, gestalten.com

THE MEANINGFUL MODERN HOME: SOULFUL ARCHITECTURE AND INTERIORS

The Meaningful Modern Home by Chicago-based architect Celeste Robbins of Robbins Architecture, tells the story of nine contemporary homes designed by her firm. Although each stunning residence is realised in different styles and materials, they are all inviting and warm, proving that modernism can also be rooted in a vivid sense of place. Monacelli. Dhs182, phaidon.com

KITCHEN INTERIORS: NEW SPACES AND DESIGNS FOR COOKING AND DINING

Kitchen Interiors delves into the evolution of kitchen design, featuring stunning contemporary styles from across the world. More than just a space for cooking, kitchens have evolved into a modern living space where families gather to make memories. Featuring small kitchenettes to grand kitchen islands, it illustrates smart storage solutions and ideas for blending modern applications with traditional designs. Readers will be inspired to create a space with the ability to bring people together. gestalten. Dhs176, gestalten.com
